Supreme Court Decisions.

A few pamphlets left of the above. Lawyers, send in your orders to this office.

The Cash System.

At the late meeting of the Press Association at Savannah, a resolution was adopted, that after the first day of June, 1870, the cash system will be rigidly enforced.

Therefore, in compliance with that resolution, all subscribers, both in city and country, in arrears to the DAILY and WEEKLY CONSTITUTION, will please take notice of this cash rule, which is binding upon us, and which we shall have to enforce.

We hope not to lose a single subscriber. We will need it all to help pay the $25,000 to Rufus to patch his moral bruises.

Advertisements will be inserted for cash in accordance with established rates.

The needs of a newspaper establishment require the cash system. We, therefore, solicit from our subscribers and advertising patrons a continuance of their favors.

☞ Mrs. Elizabeth Stanton, the great Woman Suffragist, says she "will not go to Heaven disfranchised."

☞ Andy Johnson is living quietly in Greenville, Tenn. He has a good competency, owns a fine farm, is much visited, spends a good deal of time writing, and is said will soon go to banking for the convenience of the Greenville people.

Georgia Investigation.

We clip the following significant paragraph from the New York Tribune (Radical Republican) of the 13th inst. It is pregnant with meaning, and should be read with care by our readers:

The Georgia investigation will be closed as soon as the testimony of Gov. Bullock can be taken, but that gentleman, although summoned several days ago, has not made his appearance, and his return here is daily looked for. From what has already become known of the testimony elicited in this inquiry, it is judged to be one of the liveliest investigations ever undertaken by a committee of Congress, and although no actual case of bribery has yet been discovered, the fact is fully established that enormous sums of money have been gotten rid of by certain Georgia politicians. For instance, the Chronicle has been paid several thousand dollars for alleged advertisements and job work, and Mr. Forney, under examination, found it difficult to satisfy the committee that he only received the customary prices for work performed. It was shown that he was paid an extravagant price for publishing the speeches of Senator Morton, Representatives Whittemore, and others, and the argument of Governor Bullock before the committee on the subject of Georgia reconstruction. The testimony, yesterday, of Mr. Murtagh of The Republican and Mr. Baily of The Globe, showed that, in comparison, The Chronicle had charged unheard-of prices for all manner of services which it had rendered the Bullock party. It is probable that there will be majority and minority reports on the investigation from the Judiciary Committee, and that the minority report will be signed by more than two members.

Mrs. McFarland's Letter.

The letter of Mrs. McFarland-Richardson in the New York Tribune is simply a disgrace to her. It is a continuous slime upon McFarland, and a sickening eulogy upon Richardson. It owns that Richardson made love to her while she was McFarland's wife, and that she encouraged him. The assertion that there was nothing wrong between them is worthless, because if she had been mean enough to do wrong, she would not have been too good to have lied about it, while she confesses to wrong enough to damn her with every decent person.

The Tribune endorses her. To the credit of the Northern press be it said, that the Tribune is about the only paper that does this.

The acquittal of McFarland created intense enthusiasm.

The Radical Organ Backs Down.

THE ATLANTA CONSTITUTION is still squirming under the $500 reward for the proof of its assertion that the Atlanta correspondent of the Washington Chronicle made statements not fully sustained by the facts at the time. [Quit squirming, Mons. Organ, and bring out the PROOF.]

The above polite paragraph is the Radical Organ's reply to our fair proposition of the day before to deposit the $500, and let Judges Brown, Pope and Collier pass on the matter.

The Organ has failed to expedite matters by furnishing the Slander Mill dispatches; it has failed to deposit the money, and submit the matter to an impartial committee, a majority of it Republicans; it has ignored Gen. Terry's sweeping falsification of the dispatches.

We now have simply to tell the organ that it is a humbug, that its $500 man is a myth, and its proposition unnecessary bluster, all of which every body believed before. It declines to do one thing that would show its offer genuine. We have driven it to the wall.

We mean to pursue the thing farther, and accumulate proof that will show the whole thing to be a false and meaningless bluff, unworthy of respectable journalism.

LETTER FROM JACKSON, MISSISSIPPI.

Future Wealth and Fortunes of Mississippi — Another Grand Scheme—Gov. Alcorn—Its Progress.

JACKSON, MISS., May 12, 1870.

Editors Constitution: Governor Alcorn's schemes involve the reclamation of the lowlands of the Mississippi from overflowing. Practically he will add another cotton State to the Union, and surely be deemed, by New England, the chiefest of all devout Unionists. Memphis will not object.

Gov. Alcorn's levee railway, when perfected as proposed in the charter pending in the Mississippi Legislature, will add perhaps half a million bales of cotton to the number now annually sold in Memphis.

Let Congress, as proposed in the bill recently presented by Mr. McKee, of Vicksburg, which is said to have origin in Alcorn's brain, and to constitute part of his scheme, give this levee road forty thousand acres of land per mile, and the railroad company being compelled to protect its property from overflow, must maintain the levees in perfect repair. In many places, for long distances, the road and levee will be one and the same. The scheme is magnificent, and will succeed.

The Union Pacific Company, as strong as the government itself, is for it as part of the Kansas City road, connecting Kansas City, through Memphis, with New Orleans. The Kansas City and Memphis line also furnishes the shortest route between the southeast Atlantic and California over the Union Pacific road. The force of the Union Pacific company, as represented in Congress, and in the lobby, therefore, approves the whole scheme which may secure subventions at the hands of Congress, in lands to any extent demanded.

ALCORN'S REIGN.

Gov. Alcorn is perfect master of the situation. In fact, the whole people begin to believe that he deserves to be. He is sometimes accused of a little swell-headism, but his practical good sense is stronger than his vanity—which I have never seen operative. He does not indulge any offensive egotism; on the contrary, is only full of infinite good humor, is polite, hospitable and kind to all visitors. He can make himself not only the most useful, but the most popular citizen of the State, and I am frank to say, despite my partisan prejudices, that I believe he will accomplish this purpose.

Jackson is a stupidly dull place, and horror of horrors! these horrible hotels! Beware of them. That forked establishment at the depot is a whited sepulchre, and another not far away is not much better. I tried both. GEORGIAN.

Forney's Testimony.

The Washington correspondent of the New York Tribune thus writes about the Bullock bribery matter. He don't spare either Rufus or Forney:

The Senate Judiciary Committee will meet to-morrow and continue the Georgia investigation. Governor Bullock has been summoned, and will be examined if he arrives in time. He has been expected for two or three days. He will be questioned as to the disposition of large amounts of money which have been traced to his hands, and more especially regarding the enormous expenses incurred in favor of the Chronicle for advertising and job printing, as sworn to by Mr. Forney, which has already amounted to thousands of dollars. The committee, it is reported, found Mr. Forney an obstinate and evasive witness. Gov. Bullock is the last witness to be summoned, unless something in his testimony makes it necessary to continue the inquiry further, and the committee will shortly report on the subject to the Senate.

New Discovery in Making Flour.

Every one knows that Graham bread, made from unbolted wheat meal, is much more nutritious than the ordinary bread. It contains phosphoric acid and nitrogenous wealth that superfine flour does not, but the objection to it is the kernel bark making it less easily digested.

The reason the bolted flour lacks the acid and nitrogen is that there is a layer or coating of this matter, the most nutritious elements of the wheat hull, that adheres to it, and unless the hull is ground this matter is lost with it.

The problem of detracting this matter from the hull has been solved by Herr E. Weiss, of Basel, Switzerland.

The following is the process:

The wheat is moistened with a solution of caustic soda in water before it is ground, 140 pounds of the liquid, or 7 per cent. being required for 2000 pounds of grain. The solution has a specific gravity of 7 degrees Beaume, and is prepared by dissolving six pounds and two-thirds of caustic soda in 133 pounds of water. The time necessary for steeping is indicated by the inventor to be from 15 to 20 minutes. The operation can be carried out in any of the known apparatus used in breweries for preparing malt. The action of the caustic solution consists in this, that it produces a swelling of the hull, which then detaches itself by the slightest friction. The meal prepared from the grains thus cleaned is said to be of most excellent quality, and to make good and white bread, while the waste in grinding is considerably lessened.

Georgia News.

The peach crop is almost a complete failure in this section.

A man was robbed of $35 in Savannah recently by the garrote process.

A Presbyterian Church is to be organized in Brunswick.

Dr. L. D. Ford has been elected President of the Augusta Bible Society.

The contract to build the entire line of the Vicksburg and Brunswick Railroad through Alabama has been closed.

Maj. Jas. E. Dickinson has been appointed clerk of the Supreme Court of Decatur county.

The Superior Court of Muscogee county is now in session in Columbus; 461 cases are on docket.

Four hundred and three dollars have been forwarded to the Richmond sufferers by the citizens of Augusta.

It is stated that Gen. Terry does not approve the relief measure adopted at a late session of the Legislature, and considers it a nullity.

The Athens Banner says Col. R. S. Taylor has been nominated by the President, for confirmation by the Senate, as Postmaster at Athens.

Chinese laborers are on their way as laborers on the Brunswick and Albany Railroad. The track on this road has reached Waresboro'.

The Americus Courier says the residence of Mr. Samuel Hart, twelve miles from that city, was destroyed by fire last Wednesday.

The Columbus Enquirer says $13,000 have been subscribed in that city for the proposed Industrial Exhibition, and buildings will soon be commenced.

The Rome Daily says fish are plentiful in that market, but high in price, and fruit, notwithstanding the late frosts, is promising well. Strawberries are getting to be a common luxury.

The Augusta Chronicle and Sentinel, of the 15th, says it is rumored that Brayton is still continuing his efforts to have the Ordinary of this county removed by Bullock and himself appointed to the position.

The Dahlonega Signal says: Wheat is looking fine. Clover is remarkably good on plantations that had a good stand, but the oat crop, owing to the late dry spell, will fail short.

The Blakely News, 13th, says: The weather continues dry, though we have had a light rain since our last issue. Crop reports from all portions of the county are favorable, though the corn is very small.

The Board of Directors of the Putnam County Fair Company will offer a gold medal, worth $50, as an award to the owner of the fastest trotting horse exhibited at their fair in October next. The contest is open to the world.

The Americus Republican of the 14th says corn is selling at two dollars per bushel in that market, and scarce at that, and that gardens are suffering dreadfully for want of rain.

The Columbus Sun says of the M. & G. railroad: We learn from Superintendent Clark that the last bridge between here and Troy is up. Trains will run by Wednesday to within three miles of the latter place.

The Columbus Enquirer has seen an Indian relic in the shape of a huge "pipe of peace," ten inches long and eight in circumference, plowed up recently on the farm of Mrs. Cobb, in Chattahoochee county.

The tax of forty dollars per annum demanded by the Radical Legislature of Alabama from Georgia lawyers practicing in that State, is to be resisted in the courts. Several cases are up in Russell county court. It is deemed unconstitutional, and will be taken to the Supreme Court, if necessary.

The Columbus Enquirer of the 15th says, a lad named Prather, twelve years old, while attending the machinery of the Eagle and Phœnix factory, yesterday afternoon, was caught by one of the bands, and had his right arm terribly lacerated, and his left hand and wrist badly bruised.

The Bainbridge Sun says: The dry weather and recent cold nights make cotton look very sickly.

Corn and oats are looking remarkably well considering the late spring. Gardens are quite backward; very few vegetables have made their appearance in our market.

The Savannah Advertiser, 14th, says:

Since the announcement, that Ordinary Wetmore had gone to Washington to report the misdeeds of Bullock, public curiosity has been upon the qui vive for the first news from the capital touching the matter, and the general feeling has been one of sympathy with the victim of Bullock's dislike, and the cordial wishes for his success. We understand that Captain Wetmore was to have had a hearing before the Reconstruction Committee of Congress yesterday, when the whole case was to have been laid before them. As Congress has already decided Bullock to be but a Provisional Governor, it will not hesitate to assume the right to revise any of his acts that may be represented to them to be unwarrantable and beyond the legitimate scope of his authority.

City and Suburban Affairs.

SUSPICIOUS.—We learn that B. F. Moore, the general book-keeper of the State Road, has been removed, to give place to a carpet-bagger named J. J. Blake. This on the eve of the assembling of the Investigation Committee, is very suspicious. Are the books to be whitewashed? Mr. Moore enjoys a reputation as a "first class" book-keeper throughout this section, and it cannot be for inefficiency or incapacity that he is removed. The Investigating Committee should have Mr. Moore before them by all means.

THE WORLD'S WONDER.
DR. ABBETT'S ANTI-DYSPEPTIC
—OR—
LIVER MEDICINE
A SAFE and certain cure for all kinds of Liver Complaints, and all diseases and indispositions that originate from a diseased state or inactivity of the Liver, such as
Chronic and Acute Inflammations of the Liver,
Dyspepsia, Sick Headache,
Sourness of the Stomach,
Loss of Appetite,
Lowliness of Spirits, Colic,
Costiveness, Fever, Ague,
Billious Fever, Dropsy and Jaundice.
These Medicines are purely Vegetable, and perfectly harmless; but their efficacy is too permanently established in all the Southern and Western States to require any further recommendations. The wise will not fail to give them a fair trial—this is all that is asked.
LAGRANGE, GA., DEC. 3, 1869.
MESSRS. CRAWFORD & WALKER, West Point, Ga. Gentlemen: Having witnessed almost daily, for the last fifteen years, the great efficacy of the preparation you are now putting up, known as "Abbett's Medicine," it affords me pleasure to state that I know of no combinations or preparation equal to it in the treatment of Liver Diseases of whatever character, and would cordially recommend it to all who are suffering from derangement of the Liver, and especially the Dyspeptic.
I am, very respectfully,
T. S. BRADFIELD, Druggist.
WEST POINT, GA., OCT. 15, 1869.
MESSRS. CRAWFORD & WALKER: Gentlemen—I can honestly and confidently recommend L. B. Abbett's Liver or Dyspeptic Medicine, as prepared by you, to the favorable notice of the suffering public. Having used this Medicine myself in my family for twenty years, I can highly recommend it for removing pain or flatulency from the stomach, caused by indigestion. It also has a happy effect in removing constipation of the bowels. I believe it to be the best universal remedy the world has yet discovered for the above named diseases. With my best wishes to you in introducing this valuable Medicine to the public, I remain, Yours, truly, A. K. KENDRICK.

TRADE MARK
ARGYLE BITTERS.
THE superiority of the above named article over any other Bitters is now admited in every instance where a comparison has been made. The Proprietors most respectfully inform the public that the high reputation they have so justly acquired has been on their intrinsic merits alone. The ingredients used, in point of purity, excellence and medicinal qualities can not be surpassed, imparting a richness and delicacy of flavor heretofore unequaled by any combination of medicines having any claim for the relief of the following complaints, for which the
ARGYLE BITTERS
are especially recommended, viz:
Dyspepsia, Indigestion,
Diseases of the Stomach,
Nervousness, Jaundice,
Billious Complaints,
Costiveness, Cramps,
Flatulency, Griping Pains,
Heartburn, Liver Complaint,
Loss of Appetite,
Lowness of Spirits or Melancholy,
Pains in the Side or Back,
Sick and Nervous Headache,
Etc., Etc.
All the virtues of the true CALISAYA BARK are to be found in the ARGYLE BITTERS, making them the best Appetizer and gentle Tonic in all cases of General Debility and Derangement of the Stomach and Digestive Organs, that it is possible to produce.
Being mild in effect and pleasant to the taste, they are especially recommended to delicate females as a gentle soothing and invigorating tonic.
The following important Certificate from Dr. I. L. CRAWCOUR, an eminent Chemist and Physician of this city, speaks so favorably of the Argyle Bitters, we deem it superfluous to add anything further:
261 CAMP STREET, NEW ORLEANS, September 1, 1869.
Messrs. Wheelock, Finlay & Co.:
GENTLEMEN—I have carefully examined your Argyle Bitters, and from my knowledge of their ingredients can safely recommend them as a good and reliable tonic and especially as a corrective of that morbid desire which so frequently affects those addicted to the use of ardent spirits. The chief ingredients being the best Calisaya Bark, renders them peculiarly fitted for the use of those residing in malarious districts, as they will not only act as a preventive against intermittent disease, but in a large number of cases may cure it when it has made its appearance.

OFFICIAL JOURNAL OF THE CITY.

THE LARGEST CITY, COUNTY AND STATE CIRCULATION. DEFIES REFUTATION

BY W. A. HEMPHILL & CO.

I. W. AVERY, Editor.

MORNING EDITION.

ATLANTA, GEORGIA, MAY 17.

☞ Hundreds of men in Boston seek employment vainly.

☞ General Jordan has had a fine banquet given him in New York.

☞ Miss Marguerite Cameron, daughter of Senator Simon Cameron, has married Congressman R. J. Holdeman, of Pennsylvania.

☞ The Courier-Journal makes a good hit when it says the reason why some of the reconstructionists want to receive the annexation of St. Domingo in the United States, is that a "Perfect Reign of Terror" is understood to prevail there, and they want to secure it for reconstruction purposes at the South.

SHOOTING CASES IN MACON.—Mr. John Broughton was shot and seriously wounded in Macon, on Saturday afternoon, by Mr. Henry G. Ross. The shooting was occasioned by some family feud. Henry W. Shaw, an ex-policeman, also shot on the same day John Cooper, a policeman, during a general row in a bar-room.

☞ General Logan has been selected commander of the Grand Army of the Republic; Governor Fairchild, of Wisconsin, Senior Vice Commander; General Wagner, of Pennsylvania, Junior Vice Commander; Dr. S. A. Green, of Massachusetts, Surgeon General; Dr. Collier, of Ohio, Chaplain General.

The English Lion Thrashed by the American Eagle.

Yankee hath beat Briton once more, and this time fairly. The great yacht race between the American boat Sappho, owned by a Mr. Wm. Douglas, and the English boat Cambria, owned by a Mr. James Ashbury, has resulted in the complete defeat of the latter.

The Yankee craft beat the Johnny Bull clear out his boots. What a lusty cock-a-doodle-doo the Eagle will now crow.

Why?

Bullock was too late for this term of the Court. He need not have sued until next fall. Why did he sue at this unnecessary time? The reason is clear. He is working for political effect, and his telegraphing it all over the country confirms it.

Ah, Rufus, thou art a humbug—a sham—a trickster, and the merriest wag of the day—the jolly, legal joker of Georgia.

Governor Bullock and the Public Funds—No. 3.

The new Code of 1861 contained a paragraph requiring all printing accounts of the State, other than of the public printer, to be paid out of the Contingent Fund. This was to secure economy. Before this, the advertising and printing of the Governors, outside of the public printer, did not amount to more than $1,000 or $2,000 per annum. This was thought too much.

Governor Jenkins, reflecting on the misfortunes and poverty of our people, was rigidly economical. During the first ten months of his administration, he paid out only $401 50 for printing done by other papers than that of the public printer, and the only other printing ordered by him to be done by the State Printer amounted to but $669 for job work or for blanks, comcommissions, etc. The total amount spent by Governor Jenkins for printing from December 15th, 1865, to October 15th, 1866, (the date of Comptroller Burns' last report printed) was $1,070.

Let us now see Governor Bullock's course in this matter. Regardless of law, reckless of the public interest, seeking his own personal purposes, supporting and making profitable his own printing offices, and currying favor with others, he, in *five months* from the 8th of July, to the 8th of December, 1868, expended *fourteen thousand two hundred and four dollars and forty-six cents*, the public printers, J. W. Burke & Co., only receiving $653 of it. He gave his own paper, the Augusta Press and Republican, published by E. H. Pughe, *six thousand one hundred and sixty-eight dollars*, and the Atlanta New Era $1,862.

Will the Investigating Committee look up this matter and report whether or not Governor Bullock has acted justly and fairly with the people of Georgia?

Comptroller Burns' report for 1866 shows, that notwithstanding in 1864 Sherman's men had destroyed all the blanks necessary in the Governor's office, yet Governor Jenkins had all the blanks furnished for $669.

On the other hand, Governor Bullock, according to Comptroller Bell's report of January 12, 1869, not only ordered from the State Printer $653 worth of similar blanks, but also ordered, within about two months from his own printing office, about $6,000 worth of *other job printing*—more printing, we reckon, than was done in ten years before for the Executive office.

The following record of warrants will show a few particulars of this grab game. They can be found in Bell's report of January 12, 1869:

Sept. 2, E. H. Pughe, for Printing, Binding, etc	$2,407
Oct. 2, E. H. Pughe, for printing Commissions, warrants, etc	1,521
Oct. 2, E. H. Pughe, for binding ledger, warrant book, etc	105
Nov. 12, E. H. Pughe, for job printing, advertising, books for Executive Department, etc	2,135
Total	$6,168

RECAPITULATION.

Gov. Jenkins' printing for ten months...$	1,070
Gov. Bullock's printing for five months..	14,204 46

Again we ask, is there no ground for censure in this most wanton expenditure of the people's money by an official who pays not a dollar into the Treasury, and when the expenditure is ten times as much as needed?

We would like to compare Governor Bullock's expenditures for printing with those of Governors Cobb, Johnson, and Brown, but we have not the reports. It must be borne in mind that the accounts for Governor Bullock's printing have not all come in. We cannot, therefore, go farther into this matter. The committee should look into the accounts, and find their full magnitude. Let it then compare them with the accounts of previous Governors. It will find that *Governor Bullock has spent ten dollars where other Governors have spent one for printing.*

The above exhibit will show that he spent in five months $13 to where Governor Jenkins spent $1 in ten months.

If we remember correctly in the account of the suit of E. H. Pughe against Bullock and others, published in the Augusta papers last spring, Pughe charged, and Bullock admitted that Bullock drew and used the $6,168 obtained from the State for the Press and Republican.

The fact that this month Governor Bullock has drawn warrants for $4,500 for his personal organ, the Atlanta New Era, shows that the system of printing fraud inaugurated by the Executive is still kept up. We invite the committee's attention to it.

If the Governor feels at all disposed, we shall have no objections to another $25,000 suit for this article. And we promise him some more articles.

Resolutions Adopted by the Stockholders' Convention of the Georgia Railroad.

The following resolutions were adopted by the Stockholders' Convention of the Georgia Railroad at its recent session in Augusta:

Resolved, That the memorial of the citizens of Spalding, Henry and Newton counties, on the railroad connection of Covington and Griffin by McDonough, be referred to a committee of three from the Board of Directors, to meet the committee from said counties, and to report at the earliest moment to the Board of Directors, who shall have full power to act in the premises as to said connections;

Resolved, That if the Atlanta and West Point Railroad Company shall propose to lease the Montgomery and West Point road from West Point to Opelika, the President is instructed to vote the stock of this company in the Atlanta and West Point Railroad Company in favor of such a lease on favorable terms.

Whereas, The early extension of the Georgia Railroad from Athens to Clayton, as a part of the Georgia Railroad connection by this route between the West and the seaboard, is conceded to be of very great importance to the interests of the Georgia Road; and whereas, there can be no doubt that the other necessary links in this chain of connection must and will be completed at no distant day; and whereas, also, immediate action is necessary in order to retain and secure to our road its valuable and growing business in Northeast Georgia, now in danger of diversion from the natural channel by the completion of another road now in progress of construction.

Resolved, 1. That the President and Directors be empowered to take immediate steps to locate the road from Athens, and to begin the work of construction.

2. In order to prevent the diversion of the business of Northeast Georgia from our road by the Air-Line road now in process of construction, so much at least of the prosposed extension as shall lie between Athens and the proposed Air-Line road be completed at the earliest possible time. The plan for raising the necessary funds for building said extension to be left to the wisdom and discretion of the President and Directors.

3. That a committee be appointed by the Directors to ascertain definitely the progress and the prospect of successfully prosecuting the construction of the Blue Ridge road west of Rabun Gap, and to confer with parties in interest repecting thereto, who shall report to the Board of Directors.

SCRAPS FROM PUNCHINELLO

Condensed Congress—House—Various Introductions, Duets and Solos—Skunk on Insects—Kelley on Pig—Peter the Great on Patriotism.

The gentle Julian insisted upon proposing his sixteenth or seventeenth amendment. He said that he understood several women intended to vote, and he introduced this to preserve his domestic peace.

Mr. Jenckes, for the forty-fifth time, called up his civil service bill.

Mr. Butler, for the thirty-seventh time, introduced a bill to annex San Domingo.

Mr. Kelley and Mr. Schenck raved a neat but not new duett, "Give us Tariff or give us Death."

Mr. Logan gave a fine rendering of his famous bass solo, "The Tariff be Hanged."

Mr. Schenck intimated that Mr. Logan was an insect. At first he said he was a pismire, but the Speaker said pismire was not parliamentary, and he modified it to grasshopper.

Mr. Kelley said that he took his stand upon American pig-iron, for which our fathers fought and bled. Did they never hear of Valley Forge? Our father suffered in that forge for the sake of protecting their children in the right to smelt in other forges. He said that the man who could smelt two pigs of iron where one was smelted before, was a public benefactor.

Mr. Cox said he could not smelt a pig, but he thought he smelt a rat.

Mr. Jenckes said he thought his Civil Service bill would tend to diminish stealing.

Mr. Peters said he would oppose it for that very reason. He wished to reward his friends. It was no reward for a man who stood by his country in her hour of peril, to be given an office in which he had to work for a living. What patriot would not be disgusted by the ingratitude of a country which dared to insult him like that? There was nothing in this bill to prevent a man dripping with loyal gore from holding office, if he was honest and intelligent; whereas, one of his, Mr. Peter's, staunchest supporters might be refused an office, if he had the misfortune to be dishonest and dull. The notion of making "capacity and integrity" a qualification for office-holding was unprecedented, and was preposterous. If things went on in this way, even members of Congress would be compelled to do something for their pay. Now he preferred to administer the public service on the good old principle they all had practised, of "You tickle me and I'll tickle you."

ASSOCIATED PRESS DISPATCHES.

Congressional.

WASHINGTON, May 16.—Revenue to-day $1,250,000.

The new San Domingo treaty was not sent to the Senate to-day.

A special meeting of the Cabinet was held this afternoon. The object has not transpired.

It is stated that the House Committee on foreign affairs favor susbidizing the California and China cable for half a million annually for twenty years.

The President nominated Phillip Jacobson Attorney for the Southern District of Mississippi, and P. B. Hawkins, Postmaster at Bowling Green, Ky.

The Secretary of State requests the Governor of Michigan to prevent any armed expedition from passing south of the Marie Canal towards the Red River country without express permission from Washington.

Freedmen's Bureau Howard's corruption investigation is still progressing. Nothing tangible has transpired.

A new internal revenue bill was reported to-day. It takes taxes of nearly everything except fermented liquors, distilled spirits, tobacco, cigars, and stamps, and incomes. The tax on sales, except on liquor dealers, is abolished; also the tax on legacies and successions, gross receipts from railroads, corporations, etc., though the tax on receipts of theatres and lotteries is retained. The income tax is fixed at five per cent., with exemption of $1,500, but all the inquisitorial features of the tax bill are abolished. The tax on gas, pianos, carriages, watches, etc., is done away with. A tax of three per cent. per annum is levied on all public moneys deposited in Banks. The amount reduced is about $33,900,000.

The report of the Commissioner of Agriculture considers the season so far favorable to large crops of winter wheat.

The Grand Army of the Republic have designated their officers to superintend the decoration of the Federal graves at Andersonville, on May 30th.

The Senate confirmed John F. Appleton vice Waltrons, district Texas Judge.

The main features of the House proceedings to-day were the postponement of the Tariff bill until after the passage of all appropriation bills, which is equivalent to an indefinite postponement; a report from the Ways and Means Committee of a partial internal revenue bill, repealing most of the special taxes on gross sales, except as to liquor and tobacco manufacturers and dealers, and contract and receipt stamps, and continuing the income tax at 5 per cent., the exemption being raised to $1,500, and the passage of a bill reported from the Judiciary Committee, to protect the colored population in the exercise of suffrage, providing pains and penalties against any State officers or judicial citizens who attempt to prevent the exercise of that right.

The usual large number of bills were reported and referred.

The Internal Tax bill will come up for action early next week. It reduces taxation $33,000,000.

In the Senate a bill to repeal all laws authorizing the transportion and exportation of goods, wares and merchandise, in bond, to Mexico, overland, was reported from the committee without amendment.

The bill to enforce the fifteenth amendment was considered, and an amendment proposed to enforce the proceedings by the United States District Attorneys in several districts against persons holding office who are ineligible under the fourteenth amendment, imposing, on conviction, a fine and imprisonment and disqualification for office thereafter; also re-enacting the Civil Rights act. A discussion ensued—Ferry expressing the opinion that all politicaldisabilities of Southerners would be removed in the course of two years—Morton declaring the policy a failure, and hoping that the Senate bill to repeal the test oath might be defeated in the House.

The Congressional caucus did nothing beyond making arrangements for appointing Congressional committees.

NEW YORK, May 16.—Governor Hoffman vetoes the Arcade Railroad Bill which is proposed to run under Broadway.

ST. LOUIS, May 16.—The Indians attacked a working party in Kansas on the Pacific Railroad, between Kit Carson and Willow Springs. Ten men belonging to a grading party were killed.

MIDNIGHT DISPATCHES.

Washington News.

WASHINGTON, May 16.—Major Generals E. O. C. Ord and P. St. George Cooke have been ordered to duty by the President according to their brevet rank.

Various stories are afloat concerning the reasons for the special Cabinet meeting of to-day. One report is that San Domingo was under consideration; another makes it that our Indian policy was discussed, while others assign the discussion to the New York and New Orleans Custom Houses. The authority of a prominent official is had for asserting that no question was discussed which should agitate unduly the public mind.

Gen. Smith left here to-night to meet Red Cloud at Fort Fetterman, where he arrived on Sunday. The party is expected here in about a week.

Red Leaf, who accompanies Red Cloud, is not the sanguinary chief of the Brute Sioux, as has been reported, but belongs to the Ogallalas. The other is dead.

The President, Gen. Sherman and several Cabinet officers, Bower and Gerolt, and Senators and Representatives attended the celebration here to-day for the laying of the corner stone of the Steuben Monument, which was done with Masonic honors. Schurz and DeGener, of Texas, made speeches.

The special agent list of the Treasury Department has been re-organized in accordance with the law just approved by the President. A new district is to be established on the Rio Grande, and the department is confident of preventing further infractions of the laws in that locality. Several important seizures were reported to Commissioner Delano to-day of establishments violating the revenue laws. Among them a rectifying house and distillery at Charlotte, North Carolina, and a match factory at San Francisco.

The Senate Military Committee agreed to report a bill paying a company of Tennessee scouts attached to the army of the Cumberland $50,000.

Late Foreign News.

LONDON, May 16.—It is supposed that the Fenians arrested here were remanded because their evidence was unsatisfactory.

Rev. Thomas Dale Canon, of St. Paul's, is dead. He was 73 years of age.

English pilots speak highly of the sailing qualities of the Sappho. They say she shipped no water and made sixty miles on one reach.

Fever and Ague,
Intermittent Fever,
Chill Fever,
Remittent Fever,
Bilious Fever,
Dumb Ague.

And the long train of disorders following these when neglected.

SWEET QUININE

is made solely from PERUVIAN BARK (so is Bitter Quinine,) therefore is of Vegetable origin, and not a Mineral Poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an antidote to, as well as a cure for malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE

is in two forms—in Powder, for the use of Physicians and Druggists, and Fluid, for use in the family and for the general public.

LIPPMAN'S

GREAT

GERMAN BITTERS,

TONIC, INVIGORANT,

—AND—

PALATABLE STIMULANT.

BY far the best and purest preparation in the world for Dyspepsia, Loss of Appetite, Liver Complaint; a sure preventive for Fever and Ague, Bilious, Remittent and Intermittent Fevers.

LIPMANN'S

Great German Bitters,

Are a Medicinal Cordial possessing powerful alterative, anti-bilious and invigorating properties, that can be taken by old or young, male or female, with benefical results.

FOR FEMALES,

LIPPMAN'S BITTERS are invaluable. They build up the system, bring health and bloom to the cheek of the invalids. As a remedy for nervous wakefulness, to which females are especially subject, they are fast superseding all other stimu'ants.

LIPPMAN'S

Great German Bitters,

Are a Cordial for the aged, and a sure protection against malarious diseases. Persons living in damp and malarious climates will find these Bitters a valuable remedy; a small dose taken occassionally, will prevent many day's and, perhaps week's of sickness.

No license at all necessary to sell these Bitters.

SAVANNAH, GA., March 16, 1870.

MESSRS. JACOB LIPPMAN & BRO., Savannah, Ga.:

GENTS: I have before me your esteemed letter of the 14th instant, containing various documents relative to your "German Bitters." After a careful examination, I must confess that your Bitters is really what you represent it to be, an old German recipe of Dr. Mitcherlich, of Berlin, Prussia. It will, no doubt, be excellent for Dyspepsia, general debility and nervous diseases, and it is a good preventive of Chills and Fevers. I find it to be the most delightful and pleasant stomachic.

I remain, yours truly,
[Signed] AUG. P. WETTER.

KIRKLAND MILLS, GA., March 22, 1870.

MESSRS. JACOB LIPPMAN & BRO., Druggists, Savannah, Ga.:

GENTLEMEN: I have introduced your Great German Bitters here, to my customers and friends, and I find a better sale for them than any I have ever kept before. Those who have tried them, approve of them very highly, and I do not hesitate in saying that they are far superior in value to any other Bitters now in use.

Yours, respectfully,
[Signed] W. KIRKLAND.

LEVER HORSE POWERS!

Threshing Machines!

The Winship Cotton Gin!

WE are now manufacturing a very superior Cotton Gin, with many VALUABLE IMPROVEMENTS, which, for style of workmanship, LIGHT DRAFT and FAST GINNING, can not be surpassed North or South. All parts MADE OF IRON where the same is essential to durability. We use a SELF OILING BOX which has many advantages over any other heretofore in use, and from long experience in this branch of business, flatter ourselves that we understand the wants of the Cotton Planter. Every Gin warranted.

Price, delivered on board the cars $4.00 per Saw.

OLD GINS REPAIRED and put in good running order.

Address: WINSHIP & BRO.,

The Brook's Cotton Press!

WE shall continue to manufacture the celebrated WROUGHT IRON Cotton Screw Press, which has now an established reputation as being THE BEST COTTON PRESS ever offered to the public. It took the FIRST PREMIUMS at the State Fairs of Louisiana, Mississippi and Tennessee, and any amount of Testimonials from Planters, who have them in use, showing their superiority over all other Presses. We have perfected some VERY IMPORTANT improvements in this Press (which we shall give our customers without additional cost on former prices) by using Steel friction balls and chilled iron grooves in the parts most liable to wear (formerly made of cast iron). We have also added considerable to the size and strength of the Irons. Our Screw Pins are made of refined wrought iron 3¾ inches diameter, 8¾ feet long (formerly 3½ inches, iron and 8 feet long,) and are threaded so as to pack a bale in TWO THIRDS THE TIME formerly taken. Complete set of Irons, including bolts, with full directions, for putting up, $130.00.

COLONEL ADAIR will sell the Novelty Iron Works this afternoon.

WALLACE & FOWLER will sell thirty valuable city lots this afternoon.

GOVERNOR BARD left for Washington City last night.

The Investigating Committees commence operations to-morrow.

WATER works are needed in Atlanta. The dust is becoming almost intolerable.

THE First Baptist Sunday School picnic to the suburbs of Marietta on the 19th.

ALDERMAN E. P. HOWELL went down the Georgia Road yesterday evening on important business.

JOHN H. JAMES, Banker, is extending the area of his bank by running back on Alabama street and taking in the shoe shop.

WHO is responsible for the delay in building the car shed? Let the different roads speak out.

WE saw yesterday a very novel shipment on the Air-Line Railroad, being a child's crib consigned to a saw mill.

GENERAL JOHN B. GORDON returned home last night, after a protracted visit to Southern Georgia.

J. S. PETERSON, JR., of the Air-Line Engineer Corps, arrived here yesterday from Charlotte, North Carolina, after four months' absence. He reports the Air-Line booming.

H. G. COLE, Esq., of Marietta, we learn, has sold a lot in that city, valued at $6000 to the Marietta Female College for $1,000—equal to a donation of $5,000.

THE suit instituted by Provisional Governor Bullock against THE CONSTITUTION office has not been withdrawn, as is generally supposed. The writ was withdrawn immediately after filing, but returned the next day to the clerk's office.

STRAWBERRY FESTIVAL.—A strawberry festival will take place to-night at DeGive's Opera House. Strawberries and other refreshments will be served up at Walker's piano rooms the first floor. Tableaux, music, etc. Admission 50 cents; children free. A good time may be anticipated.

THE band of the 18th United States Infantry serenaded THE CONSTITUTION office last evening, playing the familiar tune of "Dixie" with fine effect. This is an excellent band, and we return our acknowledgments for the compliment.

SUDDEN DEATH.—We regret to learn of the sudden death of Mrs. Martin, aged 57 years, who resided near Athens, while on a visit to her son, W. A. Martin, in Jackson county, Georgia, a few days ago. She was in her usual health when she retired to rest, but died very suddenly during the night. She was the mother of our worthy foreman, George W. Martin.

ITALIAN MARBLE WORKS.—Mr. James P. Kendall, General Agent of the Italian Marble Works, is in the city, and can be seen at L. B. Davis'. The company has an office and warerooms in St. Louis, Mo., and Louisville, Ky.; but the workshops and studio is in Carrara, Italy, under the direction of eminent sculptors. Carrara can boast of her fine marble and fine sculptors most appropriately.

YOUNG MEN'S LIBRARY ASSOCIATION.—The election for the officers of this association comes off to day, the polls opening at 2 o'clock and closing at 9 o'clock P. M. The following are the inspectors of the election:

Tyler Cooper, G. H. Hammond, M. deGraffenried, Peter Pelham, C. Herbst.

The ticket will be found in our columns.

NOT a thousand miles from Atlanta dwells an eccentric individual who imagines himself able to break down Atlanta. He won't patronize Atlanta merchants, but goes to Charleston or Augusta. A few days ago he purchased in Augusta some whisky. If he was to find out that that whisky was sent from Atlanta to Augusta (a fact) he would ship it back without delay. Atlanta will soon be broke down at that rate.

A GOOD MOVE.—The State Road has done a good thing at least. It has put on an accommodation train between Atlanta and Cartersville. The train leaves Cartersville at 6 o'clock A. M. and arrives at 9 o'clock A M It leaves Atlanta at 5 o'clock P. M. and arrives at Cartersville at 8 o'clock P. M. This affords to the people along the line of the road an excellent opportunity to visit Atlanta and transact business. We commend this example to the attention of the Georgia Road. An accommodation train between Atlanta and Stone Mountain will be a popular and a paying institution.

GREAT EXCITEMENT IN KIRKWOOD.—On Tuesday night last, an infant was left by some unknown person at the door of the residence of Mr. Peter Pelham, in the quiet town of Kirkwood (the suburbs of Atlanta.) Mr. Pelham and his lady were absent at the time, but the little waif was cared for by the servants. We understand that the Atlanta police are on the track, and it is hoped will soon ferret out the mother who so cruelly abandoned her offspring. We learn that Major Pelham intends to keep the child and take care of it. The child is of the boy persuasion, apparently from two to three months old, fair complexion, large blue eyes, and hair inclined to be red.

MERCER UNIVERSITY.—The committee appointed at a meeting of citizens to ascertain what can be done towards securing the location of Mercer University in this city, are requested to meet at the banking house of John H. James, Esq., at five o'clock to-morrow, Wednesday afternoon.

The following gentlemen were appointed on the committee: Rev. W. T. Brantly, Chairman; Rev. J. W. Fuller, Rev. H. F. Buchanan, J. L. Hopkins, W. Kunnicutt, J. R. Wallace, S. B. Hoyt, H. I. Kimball, J. M. Ball, L. P. Grant, John Rice, E. E. Rawson, C. B. Wellborn, J. E. Brown, George Hillyer, A. K. Seago, J. H. James, A. B. Sharp, G. Crawford, W. T. Goldsmith, John Collier, L. E. WE In a village in Western New York, a few days ago, a nice young man put a sheet around him to scare a Dutchman. The Teutonic gentleman says: "I just jump off my wagon, and vip der ghost all the time. I would vip him if he was a whole graveyard." Some one asked the young man what ailed his black eye, and he said he had received bad news from Germany.

Latest Market Reports.

[CORRECTED DAILY.]

CONSTITUTION OFFICE,
ATLANTA, May 16, 10 o'clock, P. M.

Business continued active during the day.

In consequence of unfavorable advices cotton closed dull and declining at noon's quotations.

GENERAL MARKETS.

NASHVILLE, May 13, 1870.

Bacon is coming in freely, and the stock is rapidly increasing.

CORN—Sales to-day of 2,400 bushels as follows: 1 25 per bushel for yellow; 1 27½ for mixed; 1 30 for white, sacked and delivered in depot.

CHATTANOOGA, May 14.

Corn has been in fair demand and the price has fluctuated between $1.30 and $1.37, sales being made of small lots at the latter quotations. The ruling price has been $1 35, although it weakened a little in consequence of a depression in the St. Louis market. The receipts have been light, not over 2,000 bushels, and shipments about 12,900 bushels, leaving a very small stock on hand.

Wheat has been steady, with some activity to supply the local mills.

Oats and hay have been steady, with fair demand, and at firm quotations.

Bacon has been quite active, with receipts of some 50,000 lbs., and shipments of about the same amount.

CINCINNATI, May 12.

CORN—The arrivals continue light, and there was some increase in the demand from distillers, and the offerings being comparatively small, very full prices were realized, though no advance was obtained. There are some Southern orders here, but the recent advance has carried prices far beyond the limits of their orders, and few sales were made to go out of the market. Sound mixed sold on the spot at $1 05 for both ear and shelled, at the lower depots and on the landing. Some purchases were made to arrive at $1 03. No sales of white were made public. Buyers at present refuse to pay any more for it than for mixed, while holders are contending for 1a2c. more. No sales including sacks came under our notice.

BULK MEATS.—The market was quiet. Shoulders sold to the extent of 50,000 lbs. at 11¾c., loose, on the spot, and 50,000 lbs. sold at 12c., buyers' option the balance of the month. More could have been had at the same rates. Rib sides are not saleable at better than 14½c., loose, but ¼c. more is asked. Clear rib sides of desirable average are quoted at 15⅝c. Clear sides are held at 15¾c., all loose. No hams on the market.

BACON—The transactions were light, and the market is quiet. Shoulders can be bought at 12¾c. packed. Clear rib sides are offered at 16½c., with some demand at 16¼c. Clear sides are saleable at 17c., but are held ⅛ to ¼c. higher. For city brands of sugar-cured hams 19a19½ is now asked, and plain hams are held at 17½c.

LARD—A dull market, and prices are drooping. Some lots of kettle-rendered leaf, city brands, could have been bought at 16c., but it was not freely offered. Country is quoted ½c. less than city. The nominal asking rate for prime steam is 16c.

HAY—There has been no increase in the demand, which continues light, and the market is dull. We quote No. 1 timothy 16 00a17 00; fair to good 14 00a15 00; and common 12 00a13 00, in bales, on arrival, and 1 00a2 00 more from store.

NEW ORLEANS, May 12.

SUGAR AND MOLASSES—There were no receipts worthy of note to-day, and there is very little movement in consequence. Only about 75 hhds. sugars were sold to-day: inferior 7a8c. per lb.; common 8 1-8a9 1-4c.; fair 9 3-4a10 1-4; fully fair 10 3-4a11 5-8; prime 11 3-4; second 10 1-2; white 12 3-4a13. There is no choice open kettle sugar in the market.

Molasses is quoted at 55c. per gallon for common plantation reboiled; 66a70 for plantation fermenting; 75 for prime reboiled, and 40 for Cuba reboiled on plantation.

Telegraphic Markets.

THRICE ARMED!—Thrice is he armed who keeps within reach of his hand a specific that at one and the same time will strengthen, regulate and purify his system when enfeebled, disordered and corrupted.

Such is the three-fold operation of Hostetter's Stomach Bitters, and hence the great superiority of that standard vegetable restorative over all medicines, that are merely tonics and nothing else. The effect of the ordinary astringent tinctures and extracts upon the bowels is disastrous, and upon the depraved blood or bile they produce no beneficial effects whatever. In dyspepsia and liver complaints all the fluids and humors of the body are more or less infected, and the bowels are often badly constipated. An unmodified astringent—quinine for instance—does infinitely more harm than good in such cases. In Hostetter's Bitters, on the other hand, the stimulating and tonic elements are qualified with aperients and antiseptic ingredients. The finest laxatives and blood depurents in the vegetable kingdom are intermixed with those of a purely invigorating nature, and under the operation of this admirable combination, the three important processes of invigoration, regulation and purification go on together. The rapidity with which the disordered organization returns to its natural condition, under a course of the Bitters, is due to this cause. Every disturbed function of the body is favorably affected by the various properties of this comprehensive and well balanced preparation. As a general rule the bowels are more subject to irregularities, and the fluids more liable to become vitiated in spring and summer than in winter, and hence the Bitters are especially valuable as a spring and summer alterative, corrective and invigorant. At all seasons, where the seeds of intermittent fevers infect the air, this healthful vegetable elixir should be taken as a protective medicine. may17-eod1w&w1t

LADIES, when you are out shopping, and in search of cheap and fashionable goods, call at my store, and you will find what you desire.

MRS. I. FRANK,
Decatur Street, a few doors below Moore & Marsh.

NERVOUS HEADACHE, LIVER COMPLAINT, ETC., ETC.—The Brain being the most delicate and sensitive of all our organs, is necessarily more or less affected by all our bodily ailments. A headache is often the first symptom of a serious disease. If the nervous system is affected, there is always trouble at its source in the pericranium. And it may be here remarked that as the nervous fibre pervades the entire frame, no part of the physical structure can be affected without the nerves suffering sympathetically. Liver complaint of every type affects the brain. Sometimes the effect is stupor, confusion of ideas, hypochondriasis; sometimes persistent or periodical headache. In any case, the best remedy that can be taken is Plantation Bitters. In headache proceeding from indigestion or biliousness, or both, the stomachic and anti-bilious properties of the preparation will soon relieve the torture, by removing the cause. If the complaint is purely nervous—in other words, if it has originated in the nervous system, and is not the result of sympathy, the Bitters will be equally efficacious.

So light and delicate are all the preparations made from Sea Moss Farina that it is invaluable for invalids and all those requiring a light and easily digested food.

LIPPMAN'S Great German Bitters are simply a medicinal cordial, in which are the concentrated extracts and juices of some of the rarest and best herbs and barks known in the medical kingdom, and are expressly imported by the proprietors of these bitters, put up carefully by German chemists, and impregnated with choice spirits to prevent them from souring. They are daily winning golden opinions from our leading men, and ladies will find them the best strengthener and invigorator known, bring health to the sick, and despondent will be made cheerful by a timely use of them. may15-eod1w

DR. TUTT'S CELEBRATED EXPECTORANT NO MYSTERY—HOW IT ACTS.—First, it detaches from the bronchial or wind tubes the mucus or matter, which sometimes adheres to them with the tenacity of glue. Secondly, it mitigates the pain and removes the constriction of the bronchial tubes and muscles of the chest. Thirdly, it resists the progress of inflammation and assists the lungs to throw off the irritating matter which accumulates.

From the Norfolk Daily Journal, Dec. 11, 1869.

KOSKOO.—This medicine is rapidly gaining the confidence of the people, and the numerous testimonials of its virtues, given by practitioners of medicine, leaves no doubt that it is a safe and reliable remedy for impurity of the blood, liver disease, etc.

The last Medical Journal contains an article from Prof. R. S. Newton, M. D., President of the E. Medical College, city of New York, that speaks in high terms of its curative properties, and gives a special recommendation of Koskoo to the practitioners of medicine. This is, we believe, the first instance where such medicines have been officially endorsed by the Faculty of any of the medical colleges, and reflects great credit upon the skill of Dr. Lawrence, its compounder, and also puts "Koskoo" in the van of all other medicines of the present day. feb26-d&w6m

JOY TO THE WORLD! WOMAN IS FREE! Among the many modern discoveries looking to the happiness and amelioration of the human race, none is entitled to higher consideration than the renowned remedy, Dr. J. Bradfield's Female Regulator, Woman's Best Friend. By it woman is emancipated from the numberless ills peculiar to her sex. Before its magic power all irregularities of the womb vanish. It cures whites. It cures suppression of the menses. It removes uterine obstructions. It cures constipation and strengthens the system. It braces the nerves and purifies the blood. It never fails, as thousands of women will testify. This valuable medicine is prepared and sold by L. H. Bradfield, Druggist, Atlanta, Ga. Price $1.50 per bottle. All respectable drug men keep it.

"BAD BLOOD."

"The Life is the Blood."

FROM it we derive our strength, beauty, and mental capabilities. It is the centre of our being, around which revolves all that makes existence happy. When this source is corrupted the painful effects are visible in many shapes, prominent among which is

SCROFULA.

This is a taint or infection of the human organism, and probably no one is wholly free from it. It exhibits itself in various shapes—as Ulcers and Sores, Decayed Bones, Diseased Scalp, Sore Eyes, Weak and Diseased Joints, St. Vitus' Dance, Foul Discharges from the Nostrils, Eruptions, Glandular Swellings, Throat Affections, Rheumatism, Heart Affections, Nervous Disorders, Barrenness, Disorders of the Womb, Dropsy, Syphilitic Affeions, Liver Complaint, Salt Rheum, Dyspepsia, Neuralgia, Loss of Manhood and General Debility.

It has been the custom to treat these diseases with Mercury and other Mineral substances, which, though sometimes producing a cure, often prove injurious and entails misery in after life. The long known injurious properties of these so called alteratives and purifiers has led the philanthropical man of science to explore the arena of nature, the result of which has been the discovery of a vegetable product which possess the power of eradicating these Taints from the Blood.

DR. TUTT'S

COMPOUND EXTRACT OF

SARSAPARILLA AND QUEEN'S DELIGHT

Is the acknowledged antidote to all Blood Diseases. By its use the afflictions above enumerated can be permanently banished, and the Source—the Centre of Life—the Blood, be maintained in all its purity and vigor.

For Diseases produced by the use of Mercury, and for Syphilis, with its train of evils, this compound is the only sure antidote.

To the poor creature, enfeebled in mind and body, by secret practices, whose nerves are unstrung, and countenance downcast

The Sarsaparilla

AND

QUEEN'S DELIGHT

is a blessing. Try it fairly, and your nerves will be restored to their wonted vigor, and your dejected countenance be made radiant with the consciousness of

Restored Manhood.

Being free from violent minerals, it is adapted to general use. The old and young may use it; the most delicate female at any time may take it; the tender infant, who may have inherited disease, will be cured by it.

For Purifying the Blood

USE

DR. TUTT'S

Extract of Sarsaparilla

Improved Thresher and Cleaner

WE take great pleasure in offering to our friends the above named Thresher and Cleaner, which has been greatly improved during the past year, and which for simplicity of construction, rapid threshing and freedom from the usual derangements of this class of Machinery, is without a rival. It will do more work with less power and fewer hands to attend it than any other Thresher and Cleaner in use. We have made some important improvements in this Machine for the coming season, and can now confidently recommend it as the best and simplest Thresher and Cleaner in the country.

All farmers will appreciate the convenience of having a Thresher that can be hauled into a wheat field on its own wheels and put to work at once, without trouble or inconvenience, and that will thresh, clean and bag the wheat at one operation, and do it thoroughly, wasting no grain, and cleaning as well as it is usual for such Machines to do.

We have taken the Premium at every Fair where exhibited, including the Virginia State Fair at Richmond, and the Fairs at Lynchburg, Wytheville, etc., where it came in competition with the Geiser, Pitts, and many others. On account of the great demand for these Machines we have only been able to make one size, being a 28 inch Drum with 34 inch Straw Carrier, the wide Straw Carrier insuring the perfect separation of all grain from the straw. Its capacity is 300 bushels per day. Power required, 4 strong horses or 6 mules.

Price without Horse Power, $350.
Price with Double Gear or Carey Power, $400.

WALTHAM WATCHES!

THE extensive use of these Watches for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these time-keepers.

More than 450,000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watch-making originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public, demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success, and a great improvement on any stem winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent impositions, buyers should see that every watch should bear either of the following trade marks:

American Watch Co., - - - - Waltham
Appleton Tracy & Co., - - - - "
P. S. Bartlett, - - - - "
William Ellery, - - - - "
Home Watch Co., - - - - "

For sale at retail by all respectable dealers.

B. A. FAHNESTOCK'S VERMIFUGE.

WHY is it that so many children die under the age of five years? That a large proportion of children die under that age, has long been a subject of remark, and without a satisfactory cause ascertained, it is certain.

Also, it is known that worms exist in the human system from its earliest infancy; therefore parents, especially mothers, who are more constantly with their children, can not be too observing of the first *symptoms of worms;* for so surely as they exist, can they be safely and certainly removed from the most Delicate Infant, by the timely use of

B. A. Fahnestock's Vermifuge

It is perfectly harmless, contains no Mercury, being a purely Vegetable Composition, and may be administered with the utmost safety to children of all ages.

Worm Confections, made more for the purpose of pleasing the palate than of overcoming the disease, have been manufactured all over the country, but their short lease of life is nearly exhausted, and B. A. Fahnestock's Vermifuge continues to grow in favor daily.

CAUTION.

Should occasion require you to purchase B. A. Fahnestock's Vermifuge, be particularly careful too see that the initials are B. A. This is the article that has been so

Favorably Known Since 1829,

And purchasers must insist on having it, if they do not wish to have an imitation forced upon them.

ROSADALIS!

R O S A D A L I S

THE Great American Health Restorer, purifies the blood and cures Scrofula, Syphilis, Skin Diseases, Rheumatism, Diseases of Women, and all Chronic Affections of the Blood, Liver and Kidneys. Recommended by the Medical Faculty and many thousands of our best citizens.

Read the testimony of Physicians and patients who have used Rosadalis; send for our Rosadalis Guide to Health Book, or Almanac for this year, which we publish for gratuitous distribution; it will give you much valuable information.

Dr. R. W. Carr, of Baltimore, says:

I take pleasure in recommending your Rosadalis as a very powerful alterative. I have seen it used in two cases with happy results—one in a case of secondary syphilis, in which the patient pronounced himself cured after having taken five bottles of your medicine. The other is a case of Scrofula of long standing, which is rapidly improving under its use, and the indications are that the patient will soon recover. I have carefully examined the formula by which your Rosadalis is made, and find it an excellent compound of alterative ingredients.

Dr. Sparks, of Nicholasville, Ky., says he has used Rosadalis in cases of Scrofula and Secondary Syphilis with satisfactory results—as a cleaner of the Blood I know no better remedy.

Samuel G. McFadden, Murfreesboro', Tenn., says:

I have used seven bottles of Rosadalis, and am entirely cured of Rheumatism; send me four bottles, as I wish it for my brother, who has scrofulous sore eyes.

Benjamin Bechtol, of Lima, Ohio, writes I have suffered for twenty years with an inveterate eruption over my whole body; a short time since I purchased a bottle of Rosadalis and it effected a perfect cure.

Rosadalis is sold by all Druggists.

ASSOCIATED PRESS DISPATCHES.

SUNDAY'S DISPATCHES.

WASHINGTON, May 15.—Quartermaster General Meigs has issued an order to the officers in charge of the National Cemeteries, instructing them to make all necessary arrangements, and afford the proper facilities for the decoration of the graves of Union soldiers, May 30th. He has furnished a copy of this order to the Grand Army of the Republic, thus officially recognizing, for the first time, the existence of that organization.

The Cabinet, on Friday, decided against allowing the Big Horn Mining Expedition to start until after conference with the hostile chiefs, now on their way here. Gen. Augur, commanding the department of Platte, has been instructed to carry out this determination.

CHICAGO, May 15.—Advices from Atlantis, Wyoming Territory, report a fight with the Indians. Two Indians were killed and several wounded. The Indians were pursued, when they renewed the fight and five more Indians were killed. During the fight Lieutenant Stambach was killed and Sergeant Brown seriously wounded.

LOUISVILLE, May 15.—Henry Clay's son Theodore, for fifty years an inmate of a lunatic asylum, is dead.

NEW YORK, May 15.—An expedition of 300 men, all Cubans except five American captains, left here early Saturday morning as passengers on a steamer bound for San Domingo. They carried 7,000 rifles, six large guns, uniforms, equipments, powder, etc.

MEMPHIS, May 15.—The 4th resolution proposed by the committee to whom was referred, a proposal for union, says: "It is the judgment of this Conference that the true interests of the Church of Christ require and demand the maintenance of a separate and distinct organization. Resolutions adopted.

NIGHT DISPATCHES.

ITHACA, May 15.—The war party of Ogallalas, clothed by the Government, killed the wife and little son, and captured the daughter, aged thirteen years, of a settler on the Nebraska river, one hundred and twenty miles north of Sioux City. The husband escaped. Intense excitement, and loud calls for Sheridan and Baker.

FOREIGN.

PARIS, May 15.—The Corps Legislatif has re-assembled.

There are no developments in regard to the new cabinet.

Bancel, a well known radical deputy, is hopelessly sick.

LONDON, May 15.—At the Annual Press Fund dinner, last night, W. H. Smith presided; Lord Houghton orator.

MONDAY'S NOON DISPATCHES.

Congressional.

WASHINGTON, May 16.—Congressman Perce, from the Fifth District of Mississippi, nominated a negro to West Point.

In the Senate a bill granting public lands in Alabama to the Decatur and Aberdeen railroad passed.

In the House bills were introduced granting lands to the New York and Norfolk railroad, for the improvement of the Tombigbee river, for constructing a bridge across the Ohio river at Metropolis, Illinois, granting lands for a railroad from the Mississippi to the Arkansas river, along the 35th parallel.

The House refused to order the Reconstruction Committee to report a bill for general amnesty by a vote of 51 to 78.

Committees doing nothing.

LACROSSE, WISCONSIN, May 16.—A boy dropped a lantern near a leaking barrel of kerosine oil on the steamer War Eagle. The vessel, the Milwaukee and St. Paul Railway depot, and Elevator with contents were consumed by fire. The passengers on the War Eagle escaped by jumping into the river. Two lives lost.

Athens and Atlanta—Celebration—University—Students, Etc.

Special Correspondence Atlanta Constitution.]

ATHENS, GA., May 14, 1870.

Editor Constitution: Athens, perhaps, is jealous of Atlanta. The rapid advances of the latter city toward becoming the Metropolis of Georgia is enough to excite the emulation, at least, of her sister cities; and her threatened monopoly of the Northeast trade, through the agency of the contemplated Air-Line Railroad, is quite sufficient to awaken the fears of Athens, whose great source of commercial prosperity is to be found in her trade from Northeast Georgia. Although the contrast between Pompeii and Paris is scarcely more striking than that between Athens in her repose, and Atlanta in her incessant action, nevertheless there is a strong link that binds us. There is a sort of cordiality, indeed, a relationship, existing between the individuals of the two places, which brings them close together. There is scarcely a family here—and many of them are the most prominent and wealthy in the State—which has not its relations in Atlanta.

Another coincidence that conduces to friendly, fellow feeling, is found in the fact that a fair proportion of the students of the University are from Atlanta.

I am proud to know that THE CONSTITUTION has quite an extensive circulation among the citizens, merchants and students.

[We omit the part about the May Queen celebration, as it has been given before.]

The students of the University, actuated by patriotic and laudable motives, purpose getting up a burlesque on this exhibition, the proceeds to be given to the Ladies Memorial Association. To this end they met and elected their May Queen to-day. We have every reason to believe the performance will be more successful, certainly more humorous and ridiculous than the one to be burlesqued.

The University is in a most prosperous condition, the present senior class being one of the largest that ever graduated here. The final examinations will commence about the 17th of June. Dr. Jones, who has charge of the Terrell Professorship of Agriculture, will commence his lectures in that department, on the 1st of June. These lectures are open to the public. Dr. Lipscomb, who is one of the ablest men on the continent, has just completed his lectures to the senior class on Milton. Prof. Morris, one of our finest and most finished scholars, is in the midst of his lectures on English Literature. Prof. Brown is discussing the origin and nature of meteors, shooting stars and aerolites, and Prof. Waddell is giving a finishing touch to the Seniors in the classics. Dr. Mell is now in Louisville presiding over the Baptist Convention at that place. He is universally beloved by the students, and his return is anxiously expected.

Many of the citizens, ladies and students, are attending the May Convention in Augusta. That the ladies may return with hearts as intact as when they left, is the prayer of many a student.

Yours, &c., AMGIS.

KOSKOO!

THE GREAT REPUTATION

Which KOSKOO has attained in all parts of country

AS A GREAT AND GOOD MEDICINE!

And the Large Numbers of Testimonials

which are constantly being received from Physicians, and persons *who have* BEEN CURED by its use, is CONCLUSIVE PROOF of its REMARKABLE VALUE.

AS A BLOOD PURIFIER,

IT HAS NO EQUAL,

BEING POSITIVELY

The Most Powerful Vegetable Alterative Yet Discovered.

DISEASES OF THE BLOOD.

"The life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many popular opinions, this of bad blood is founded in truth.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the soft tissues loose their tone and elasticity, and the tongue becomes pale, bread, and frequently covered with a pasty, white coat. This condition soon shows itself in *roughness* of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated by some that one-fifth of the human family are effected with scrofula in some form.

When the Blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

KOSKOO,

AS A

Liver Invigorator!

STANDS UNRIVALLED.

Being the only KNOWN Medicine

that EFFICIENTLY *stimulates* and CORRECTS the *hepatic secretions* and functional DERANGEMENTS of the LIVER, WITHOUT DEBILITATING the system. While it acts *freely* upon the Liver *instead of copious purging*, it *gradually changes* the discharges *to a perfectly natural state.*

SYMPTOMS OF LIVER COMPLAINT AND OF SOME OF THOSE DISEASES PRODUCED BY IT.

A sallow or yellow color of the skin, or yellowish-brown spots on the face and other parts of the body; dullness and drowsiness, sometimes, headache; bitter or bad taste in the mouth, internal heat; in many cases a dry, teasing cough; unsteady appetite; sometimes sour stomach, with a raising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the side, back, or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, etc.

KOSKOO!

Is a remedy of *Wonderful Efficacy* in the *cure* of diseases of the Kidneys and Bladder. In these Affections it is as near a specific as any remedy can be. It does its work kindly, silently, and surely. The Relief which it affords is both certain and perceptible.

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys can not estimate the *importance* of their *healing action.*

Regular and sufficient action of the Kidneys is as important, nay, even more so, than regularity of the bowels. The Kidneys remove from the Blood those effete matters which, if permitted to remain, would speedily destroy life. A total suspension of the urinary discharges will occasion death from thirty-six to forty-eight hours.

When the Urine is voided in small quantities at the time, or when there is a disposition to Urinate more frequently than natural, or when the Urine is high colored or scalding with weakness in the small of the back, it should not be trifled with or delayed, but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organs takes place. Most of the diseases of the Bladder originate from those of the Kidneys, the Urine being imperfectly secreted in the Kidneys, prove irritating to the Bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys through the general circulation of the Blood, we see how necessary it is to keep the Fountain of Life Pure.

KOSKOO!

Meets with GREAT SUCCESS in the CURE of

DISEASES OF THE NERVOUS SYSTEM,

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work (mental and physical), are causing diseases of the nervous system to increase at a fearful rate.

The symptoms to which diseases of the nervous system give rise, may be stated as follows:

A dull, heavy feeling in the head, sometimes more or less severe pain or headache; Periodical Headache, Dizziness, Noises or Ringing in the Head; Confusion of Ideas; Temporary Loss of Memory; Dejection of Spirits; Starting during Sleep; Bad Dreams; Hesitation in Answering Questions; Dullness of Hearing; Twitching of the Face and Arms, etc., which, if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, etc., etc.

THE WILLINGHAM FERTILIZER

FOR

COTTON, CORN,

WHEAT.

THIS STANDARD MANURE, named after a well known practical Planter of Georgia and South Carolina, combines in a concentrated form all the fertilizing elements necessary for the production of COTTON, CORN and WHEAT, and by its use is certain to increase not only the yield, but to improve the quality of the products. It is made with a special view to the wants of the soils of the South, and can be relied upon as to excellence of material, containing highly necessary substances, the great cost of which have heretofore precluded their being in common use. It can be depended on as uniform, always reliable, and productive of good crops.

ALBANY, GA., September, 1869.

Having a full knowledge of the composition and process of manufacture of the "Willingham Cotton, Corn, Wheat and Rice Fertilizer," I have no hesitation in pronouncing it to be a most reliable fertilizer, one of the best in use, and most particularly adapted to the soil of Georgia and South Carolina.
